### ARTICLE 2. ZONING AMENDMENTS PROPOSED BY THE PLANNING BOARD

#### Amendment No. 1

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Bedford Zoning Ordinance to amend Article XIII, Small Wind Energy Systems, Section 275-96, Subsection C, by deleting the words shown in the strikethrough and adding the words in bold as follows:

Sound level. The small wind energy system shall not exceed **the noise limit specified by the New Hampshire Site Evaluation Committee** ~~60 decibels using the scale (dBA), as measured at the site property line, except during short term events such as severe wind storms and utility outages.~~ The applicant shall be required to prove that the system meets the sound-level requirement prior to a certificate of occupancy being issued.

**2590**  
YES   
NO   
**960**

[This amendment is intended to make Bedford's ordinance compliant with a recent change to state law. RSA 674:63 was amended to prevent municipalities from setting a noise level lower than what is specified by the Site Evaluation Committee rules for small wind energy systems.]

#### Amendment No. 2

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Bedford Zoning Ordinance to amend Article III, Section 275-21 Use Regulations, Subsection B(4)(c), by adding the words in bold as follows:

[1] In the AR, CO, CO-2, OF and SI Zones a maximum of 12 dwelling units per acre **of net developable area** shall be permitted. There shall be a maximum of 12 units in any one building in the AR Zone and no restrictions as to the number of units in one building in the CO, CO-2, OF and SI Zones.

[a] **Net developable area is that portion of the tract which remains after deducting the land area of all surface water bodies; wetlands; and public/private rights-of-way for streets and utilities. In the case of mixed use sites, building footprints and paved areas for parking and circulation, which are not also used by the workforce housing development, shall be deducted.**

**2922**  
YES   
NO   
**612**

[This amendment further restricts the land that may be used to calculate the density of a workforce housing development. The amendment creates a definition for net developable area and limits density to 12 units per acre of net developable land rather than using the entire tract of land regardless of its development capacity. The amendment also clarifies how density should be calculated for mixed use developments.]

**Amendment No. 7**

Are you in favor of the adoption of Amendment No. 7 as proposed by petition of Dick Anagnost and others, to amend the Town of Bedford Code, Chapter 275, ZONING, Article II, ESTABLISHMENT of DISTRICTS, Section 275-8, Location of Districts as follows: To Amend the Official Zoning Map of The Town of Bedford, New Hampshire by rezoning a portion of the following parcels of land from the current classification of Residential/Agricultural (R&A) to Commercial (CO) and to remove the properties from the Historic District: 137 Bedford Center Road, Tax Map 20 Lot 41 AND 209 Route 101 Tax Map 20 Lot 39, which together the two (2) lots consist of a combined total of approximately 14.36 acres. Each lot has a large portion of the land already zoned CO, and this amendment would move the CO zoning boundary to the northern property line, which would place the entire parcel in CO District instead of having a small portion of each lot R&A. The Historic District zoning line would also be moved to the northern property boundary to remove the commercially zoned land from the Historic District. Each lot currently has structures on them and the land area is bordered by Wallace Road, Route 101, Bedford Center Road, and commercial property to the south, east, and west, and Residential/Agricultural property to the north, which is also buffered by wetlands. The owner of record is 209 Route 101 Realty, LLC.

[THE PLANNING BOARD SUPPORTS PASSAGE OF THIS AMENDMENT.]
