- 2.1.3 Use of BCTV facilities and equipment is a privilege that can be suspended or revoked if the station's policies and procedures are not adhered to, or if equipment or facilities are misused or abused. In addition, the rules of the building in which the studio is located must be abided by at all times.
- 2.1.4 BCTV reserves the right to refuse to provide access to BCTV resources to anyone who is under the influence of alcohol or drugs; who interferes with the orderly conduct of business; who refuses to cooperate with or in any way abuses BCTV staff, volunteers, or other community producers; has misused equipment; or who has abused the privileges of BCTV.
- 2.1.5 Use of BCTV facilities or equipment for personal use is prohibited and is a major violation as outlined in 2.8.0 – Violations and Penalties. No producer is allowed to use BCTV facilities or equipment for ANY financial gain or compensation.
- 2.1.6 The only allowed purpose for use of BCTV Facilities or equipment is to produce programs or public service announcements for BCTV for the BCTV channels and other BCTV distribution venues.

2.2.0 Use of PEG Access

- 2.2.1 Community members have the right to have a program, that they produce or endorse, broadcast at least once, provided they have met the requirements of the Statement of Compliance as described in 2.5.1 stating said program is within the guidelines set forth by the Cable Act of 1984 and does not violate these policies or any federal, state or local ordinances.

2.5.0 Statement of Compliance

2.5.1 Producers/Endorsers must sign a BCTV statement of Compliance that will be kept on file stating that any program submitted will adhere to these policies, which prohibit the following:

- Advertising material designed to promote the sale of commercial products or services, or businesses
- Commercial programming which in whole or in part depicts, demonstrates, or discusses products, services, or business with the intent or substantial effect of benefiting or enhancing a profit-making enterprise and without the intent or substantial effect of benefiting or enhancing a non-profit-making entity."

2.5.2 “See Appendix A for producer’s/endorser’s BCTV Statement of Compliance.”

2.6.0 Technical Standards

2.6.1 Minimum technical standards must be met in order for a program to be broadcast on BCTV. The technical standards are based on the premise that no program should cause viewers to think the cable channel or system is having technical difficulties. All programs should be free of the following problems:

- Programs should be free of any break-up, glitches, or distortion of the audio or video portions of the signal.
- Incorrect color balance—Programs should accurately reproduce original colors within the scene. Flesh tones will be the standard by which this is judged.
- Over modulated video levels—White levels that are too high cause distortions in the audio portion of the signal. Correct exposure during taping is the best way to eliminate this.

2.6.2 Technical standards may be waived in cases where the program is of an event or a happening that cannot be repeated, i.e., a one-time event. In such cases, the producer must make a special request to the Station Manager. BCTV may add a short disclaimer to the beginning of the program advising the viewers that portions of the following program may contain technical difficulties.

2.6.3 Although no standards exist regarding camera angles, shot composition, lighting, aesthetics, etc. the producer should always keep in mind that high production values not only increase the attractiveness of a production, but also the effectiveness. The viewer's attention span and retention of information decrease considerably in the presence of shaky camera work, poorly composed and lit scenes, or other distracting elements.

2.7.0 Commercial Use

2.7.1 Use of BCTV facilities or equipment exclusively for commercial use is prohibited. **All programming produced with BCTV resources must be available for broadcast on BCTV meeting the requirements of the Statement of Compliance (see 2.5.0) and 2.1.5.**

2.7.2 Use of BCTV facilities or equipment for financial gain is prohibited, except for non-profit organizations.

2.8.0 Violations and Penalties

In order for the policies of BCTV to be effective, and to keep operations running smoothly, a penalty system has been instituted. There are two (2) types of violations that can result in restrictions on a community member. The Station Manager is authorized to issue warnings and suspensions of use of equipment and use of facilities.

Officials who are in the minority and wish to produce a program on the dissenting opinion cannot be assisted by the BCTV staff for any part of the production. They may however use the BCTV facilities and trained BCTV volunteers to assist them in producing the show. This section is superseded by any 'Town Media Policy'.

- 3.3.2 To schedule equipment reservations, contact the BCTV staff to check availability and make your reservation request.
- 3.3.3 The producer is to arrive at the BCTV facilities at the scheduled time for pick-up of equipment. If the producer is going to be late, contact the Station Manager or Assistant Station Manager. Failure to arrive on time or to contact BCTV in advance of late arrival may result in forfeiture of the reservation and is a minor violation as outlined in 2.9.2 unless there is a reasonable explanation.
- 3.3.4 The producer is to ensure the equipment is in good working order and make note of any damage or defect at the time the equipment is checked out. The producer must sign the appropriate "Equipment Sign Out" form.

The Station Manager shall make the initial determination whether the submitted program is acceptable for the BCTV schedule, or whether the proposed program should be shown during a restricted time-slot, or rejected altogether for cablecast on BCTV. All programs determined by the Station Manager that are subject to restricted time-slots or rejected altogether may be referred to the BCTV-WBNH Board of Overseers for final determination of the appropriateness of the proposed program. The Station Manager makes all final scheduling decisions, to include when the file will be available for video on demand. The Station Manager will give all videos submitted for airing which are determined acceptable for regular rotation equal opportunity to be aired in the regular weekly schedule rotation. The Station Manager will cablecast restricted programs only during time periods designated appropriate for the restricted programs, as determined by the Board of Overseers.
- 3.4.6 Only finished programs will be included in the weekly program schedule and appear in programming. 'Promise' of completed shows is not considered finished and can not be included in any program schedule.
- 3.4.7 All producers interested in doing any live programs must remember to book channel time as well as production equipment. Booking equipment for a certain day and time does not guarantee that channel time will be available and vice versa.

- 3.4.9 The program will be retained in the playback files as long as it is deemed timely. The Station Manager will then determine whether the program should be archived or deleted.
